

Single Fly Refreshments & Safety Guidelines

For safety of club members and maintaining the opportunity to socially gather, I as Program/Activities director will implement the following guidelines.

Coffee and pastry will be available outside the building at 9:30 am, provided it isn't 30 below and freezing rain.

Tournament Registration table will be outside the building and open at 9:45 am.

Rules for the building will be as follows:

1. No more than 5 total people inside the building at one time
2. To access the restrooms, club members will use the EAST doors.
3. To access the membership/merchandise table, club members will use the WEST doors.
4. Masks will be worn inside the building at all time.
5. Distance of 6ft separation and mask while near building/coffee/registration.

A Facebook live will be aired from the shelter location December 30 or 31, and again early morning of January 1, to explain the process of building access.
